

Wearable Protection Against Falls

FS-15

Wristband Fall Sensor

The FS-15 is a next-generation watch-style fall sensor that offers a comfortable, on-the-go wearing experience, along with an advanced step count feature. The FS-15 performs fall detection to help ensure timely assistance in emergencies, providing reliable protection for the elderly and individuals with limited mobility.

The step count function helps caregivers monitor activity levels over time, supporting proactive care. Moreover, sensitivity settings can be adjusted remotely, enabling easy, accurate monitoring without on-site access. Combining safety, comfort, and smart monitoring, the FS-15 ensures timely assistance when it matters most.

Other Features

- Watch-style for on-the-go.
- Step count function
- Remote setting of sensitivity
- Regular supervision signals to check system integrity
- Changeable battery
- IPX7 waterproof rating

Specifications

FS-15 Wristband Fall Sensor

Frequency	869 MHz / 919 MHz / 433 MHz
Power Source	3V, CR2032 Lithium battery x1
Battery Life	1 year
Operating temperature	-10°C to 45°C (14°F to 113°F)
Operating Humidity	Up to 85% non-condensing
Dimensions	35.6 mm x 35.6 mm x 11 mm

** Note: Actual battery life may vary due to device settings, usage, and environment.*
